In the News

'Only 30% of urban households are connected to a central sewer system' writes V Srinivas Chary, ASCI Hyderabad.

Prof V Srinivas Chary is the Director, Centre for Energy, Environment, Urban Governance and Infrastructural Development at ASCI. He is also a member of National Faecal Sludge and Septage Management Alliance (NFSA Alliance), which was instrumental in passing India's first national policy on Faecal Sludge and Septage Management (FSSM) by the Ministry of Housing and Urban Affairs, Government of India in 2017.

He tells TOI that prosing and safe disposal of municipal solid waste is not a priority for most states?
