

FORMAL AND INFORMAL SANITATION PRACTICES: LEARNINGS FROM INDIAN CITIES

📅 24th June 2021 ⌚ 04:00—05:00 PM

With the continuance of sanitation as a priority to the Government of India, the Sanitation Capacity Building Platform (SCBP) of NIUA is organizing this webinar to engage with experts and practitioners sharing on-ground experience on wastewater and septage management. Understanding prevalent practices are key to framing appropriate policy, identifying key stakeholders for national missions such as Swachh Bharat Mission 2.0 (Urban) and Jal Jeevan Mission (Urban), and helping cities to move towards citywide inclusive sanitation.

Keynote Speaker

Mr. Hitesh Vaidya
Director, NIUA

Key Discussion Points

- Understand the priorities of national missions on wastewater and septage management
- Opportunities and interventions to improve wastewater and septage management at city level
- Key drivers of prevalent practices and innovative approaches in urban sanitation
- Safe reuse of wastewater and septage for water augmentation and use in other sectors

Speakers

Mr. S Vishwanath
Biome Environmental Trust

Ms. Vijaya V
Independent Consultant

Mr. Eklavya Prasad
Megh Pyne Abhiyan

Ms. Alka Palrecha
People in Centre

Mr. N Meenakshi Sundaram
Independent Consultant

Mr. Saji Sebastian
